The product focus for the coming season continues to be on wooden toys with long durability and recyclability. Whether the training of motor skills or training of social skills given by our toys - those with a learning label are still trendy in our range.

In addition, we rely on the popular licensed items for the end users such as "Ritter Rost" and are proud of the production of their own wooden toys based off the metallic hero.

The **new range** is rounded off by trendy Christmas decorations, child-friendly jewelry inspired by "The Lord of the Rings" etc. and colourful sandbox toys for the next outdoor season.

Yours faithfully
